

We Move OOOG Cargo

OOG · RGN · Out-of-Gauge
Heavy Lift · Project Cargo

Your one-stop specialty cargo partner
next to the Port of Los Angeles

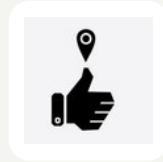

Why Yes Cargo?

01

End-to-End OOG / RGN

Our RGN trailers and heavy-lift gear move oversized, overlength, and overheight cargo straight from the port to your warehouse or plant.

02

Next to the Port of LA

Just 5 minutes from LA / Long Beach ports — OOG cargo gets transloaded the moment it lands. Save time, save freight cost.

03

Heavy Lift & Transload

Equipped with Container Handlers and Yard Goats to safely handle heavy machinery and project cargo.

04

FCL - Transload - Storage

Full container, transload, and storage — all on one yard. One vendor, zero handoff risk.

What We Move

From a single container to a massive piece of equipment — we move what others won't touch.

Meet Yes Cargo Inc.

Yes Cargo Inc. is based in Wilmington, right next to the Port of Los Angeles. We focus on OOG (out-of-gauge), RGN (removable gooseneck), and heavy-lift project cargo. From FCL drayage and transloading to storage and distribution — we run it all on one yard. With our own heavy equipment and a bilingual team, we get the hardest cargo at the port moving fast and safe to its next stop.
